Training to Train					Head Coach Assistant Coach	Head Coach Assistant Coach
Training to Compete						Head Coach Assistant Coach

Coaching Definitions:

JR/Bunny Leader: plans and teaches session

JR Assistant Leader: helps plan lessons and fills in as leader when needed.

JR/Bunny Helper: help put on gear, follows behind group to ensure safety—does not teach session—RCMP check only

Head Coach: plans, teaches and evaluates sessions

Assistant Coach: limited planning, teaches some practice sessions

CCY realizes that due to some circumstances (course availability, timing etc...) every required course may not be fulfilled before coaching at the higher levels. We call for an active attempt by coaches to try to achieve the required courses.
